

BETA THETA PI

FRATERNITY

Beta Theta Pi

Quick Facts

Again, the Beta is distinguishable and distinguished from all other kinds of fraternity men whatsoever by just a little warmer and stronger, just a little tenderer and more enduring fraternity feeling than any of them can attain to. For it was always so. I do not in the least know how it happened, nor why it persisted after it happened, but a long time ago there came into Beta Theta Pi a fraternity spirit that was, and is, and apparently will continue to be, unique.
